AFFILIATE MARKETING TEAM

To whom may it concern:

On behalf of **Texan Global School**, we extend a warm welcome and introduce ourselves as an online educational institution based on asynchronous learning. We are thrilled that you have expressed interest in becoming an affiliate marketer for TGS. This role not only allows you to contribute to our mission of 'Knowledge for the World' but also offers you the opportunity to earn a commission for every successful sale you make.

The process to become a TGS affiliate marketer is the following:

- Review our list of online workshops: <https://texanglobalschool.teachable.com/courses/>
- Complete the Affiliate Application: <https://texanglobalschool.teachable.com/p/affiliate-marketing>
- Complete the “Introduction to Affiliate Marketing” workshop (request your FREE access): <https://texanglobalschool.teachable.com/p/intro-affiliate-marketing>
- Read and accept the terms and conditions of the Affiliate Marketing Program.
- Get approved.
- Define the market niche in which you are interested in working to promote the workshop (Real Estate, Business, or Mathematics). Remember that each niche has a different type of customer that you will have to target and attend.
- Familiarize with the TGS Affiliate Marketing platform.
- Start using your TGS Affiliate Marketing account's shared resources to promote and earn commission for every successful sale.
- Join the Facebook group to receive additional updates and collaborate: https://www.facebook.com/groups/736238124969918/?ref=share_group_link

Additional considerations:

- When completing a final sale, does not mean that you will have to abandon the customer. Remember that the workshops are **annual subscriptions**, meaning that at the end of the year, the client might continue renewing it. Or they might opt to buy another workshop.
- Throughout the year, we add value by including additional resources in each workshop.
- Texan Global School is a Trademark and legally constituted organization; hence, when accepting to be one of our affiliate marketers, you agree to follow and respect all the company policies including any federal or local regulations.

RESPECTFULLY
“Knowledge for the World”
